Storage: 500 MB available space

English, Polish, Russian, French, Italian, German, Romanian

It's a great comic and a great soundtrack, but they can all be found online or you can just download them from somewhere. It isn't worth much money, and definitely not \$6.00. If you want to have it very officially, then buy this, but I'm just saying: Everything that this includes can be found somewhere else, in a more convenient place.. I love the music, and the comic!
